

# THIS IS THIS

**This is This...** because it ain't something else! We're a 3-piece band that plays all original songs. **This is This** has been playing around the Chicagoland area for the last 10 years.

One thing for sure, you can't pigeon-hole our sound. With influences across all genres, we can pull out one of our jazz-flavored songs... and then move right into a folk-rock blend... then into a disco-tinged rave-up. The most definitive for our music is that we're a power-pop group that plays a little of everything.

You may have heard us on Chicago radio stations WXRT, WCKG and WLUP.

**This is This** has played everywhere from *The RAM* in Wheeling to *The United Center* for Bulls pre-game entertainment. You could have seen us at most of the Chicagoland *Borders* bookstores, bars, local art fairs, private parties and maybe you have caught us on Channel 19 MediaOne cable access shows. We're also a favorite at area coffee shops.

**This is This** is **John Petitt** on guitars and vocals, **Don Torres** on bass and vocals and **Eric Helge** on drums and vocals.

Our original songs are not political in nature and we don't use adult language. We tailor our sound and volume to the venue and have a good rapport with the audience.

**This is This** has two CDs of our original music available at shows... our first, the self-titled "*This is This*" and our newest, "*Hand Me My Wings*".

**This is This...** borrowing on a variety of musical influences to forge something familiar, yet unique!
